

PRIYANT NIKHARE

Full Stack Java Developer

+91-7769923309 • nikharepriyant@gmail.com • [linkedin.com/in/nikharepriyant](https://www.linkedin.com/in/nikharepriyant) • Nagpur, India

SUMMARY

Motivated and detail-oriented Full Stack Java Developer with strong proficiency in RESTful API development, Spring Boot, and SQL database integration. Seeking an opportunity to apply my technical and problem-solving skills to build scalable and efficient backend systems while growing within a dynamic software development environment.

SKILLS

Java • Spring Boot • Git • MySQL • Hibernate • Microservices • AWS • AngularJS • JavaScript • Firebase • Agile

PROJECTS

College Management System

A PBL project focused on streamlining administrative and academic processes for students and faculty.

- **Roles:** Full Stack Developer & Designer
- **Features:** Attendance tracking, event alerts, academic clearance system, notes upload, targeted notices.
- **Technologies Used:** Figma for design, HTML, CSS, JavaScript, etc.
- **Impact:** Enhanced communication between students and faculty; appreciated by mentors

Verifying Bidirectional Drive Coverage in HVSLI Data

Built during the HERE India Hackathon with focus on GIS & spatial data accuracy.

- **Stack:** Python, GeoPandas, Shapely, Matplotlib, GIS Tools, R-tree
- **Highlights:**
 1. Developed a GPS-based coverage checker for high-accuracy mapping
 2. Created color-coded GIS visualizations for presenting data insights
- **Impact:** Contributed to improving the quality of bidirectional coverage in HERE's mapping infrastructure, enhancing reliability in real-time navigation products.

EVENTO – Inter-College Event Management Platform

Designed a digital hub for college students to discover and manage event participation

- **Features:** Event listings, real-time updates, authentication, registration
- **Paper Published:** International Journal of Scientific Research in Engineering and Management (IJSREM) Volume: 09, Issue 04, April 2025

ACHIEVEMENTS

- Led a 5-member team in the prestigious HERE India Hackathon 2025, organized by HERE Technologies, Mumbai – demonstrating leadership, agile teamwork, and problem-solving.
- Developed "EVENTO", a centralized event platform; Published a research paper in IJSREM, April 2025.
- Participated in multiple inter-college hackathons, showcasing problem-solving, time management, and leadership.
- Mentored juniors in coding & project-based learning, fostering collaboration and knowledge sharing.

EDUCATION

Jhulelal Institute of Technology

Bachelor's Degree in Computer Science Engineering

Nagpur, India

11/2022 - 06/2026

CERTIFICATIONS

- **Full Stack Java Development** - Symbiosis Centre for Distance Learning (SCDL), Pune. Sponsored by Capgemini under their Corporate Social Responsibility (CSR) initiative.
- **TCS iON Career Edge** - Young Professional
- **Certificate for the Completion of Java Training** - Spoken Tutorial Project, IIT Bombay
- **Certificate for the Completion of Python 3.4.3 Training** - Spoken Tutorial Project, IIT Bombay
